Attachments: Redwood City Salt Pond Waterbird Count Summary 2009 - 2015.pdf

I look forward to talking about your anticipated approach and schedule for the Clean Water Act JD for Redwood City salt ponds.

You'll be interested in this documentation of the extensive bird use on the ponds in their current configuration, collected by my friend Matt Leddy – attached and at the links below on YouTube.

Foraging and roosting shorebirds on Cargill Pond 10, Redwood City CA on April 17, 2011
<https://youtu.be/poQp-P4Ndyo>

San Francisco Bay shorebirds on Cargill Crystallizer Pond 1, Redwood City, CA on November 27, 2010
<https://youtu.be/JIlapaPHLs0>

American Avocets foraging in Cargill Crystallizer Pond 1, Redwood City, CA on March 19, 2013

Shorebirds foraging on Cargill Crystallizer Pond 2, Redwood City, CA on December 15, 2012
<https://youtu.be/0hzCiDi1Bkc>

1700 "peeps" foraging in Cargill Crystallizer Pond 2, Redwood City, CA on December 9, 2014
https://youtu.be/24GIHq-i_Zg

Black-necked Stilts foraging in Cargill Crystallizer Pond 3, Redwood City, CA on December 15, 2012.
https://youtu.be/2PpsHZp40_g

There is no doubt that these ponds are wetlands that provide ongoing habitat to many species, including some listed as endangered and threatened.

Have a good weekend - David
